Subject: Sat Uganda Update

Just a quick note to say I arrived safe and sound on Wednesday night and the couple from North Carolina who will be with me the rest of the trip arrived today.

Internet access has been a problem, mostly because of a lack of electrical power. Perhaps you heard on the news there had been a couple of riots in Kampala earlier this week. There were minor, some folks stacked some old tires in the middle of the road and set them on fire as a demonstration against how poor the availability of electrical power is here in Uganda.

Dr. K has been here since last Saturday and was conducting an intensive training session with some church leaders. That ended today so things are fairly quiet here now. We will meet with George Yawe tomorrow. He is the pastor we will work with Sunday - Thursday next week.

Thanks for your prayers.

God bless,
Bob
