Thanks again Prayer Team,

Praise God all of the team so far here was able to go to the village to screen the patients who needed to come for surgery and it was much better organized than I would have imagined. The local doctors presented very interesting cases and there seemed to be a good rapport amongst all doctors.

Today was very long. We left the guest house at 6 am and just finished doing pre-operative exams at midnight, but this covered a lot of work for the rest of the week so it should get easier. Please pray for good rest and energy as we leave again at 6 am to do surgery. Pray especially for Dr. Kim Lovelace as she will be doing the bulk of surgery with Dr. Enzenauer and I assisting as needed.

Please also pray for Dr. Ebelle traveling tonight from Ivory Coast to join us and Rachel Salveson traveling tonight from Chicago to join us tomorrow.

More to follow when time permits.

Grace and peace to all and thanks for laboring with us.
