Subject: Thanks!
Bob,

Thank you for your defense of Kefa and the information on Uganda. I grew up in the First Presbyterian Church and do know many people whose lives were changed because of Mr. Sempangi. I also know that because of his obedience to God to bring the reformed doctrine back to Uganda and starting the PCU helped people like me to have churches where the preaching of God's true word.

I'm also grateful that God has restored Him and is using him to go to the villages. I have been involved in missions of Uganda. I know that missionaries prefer the cities and Kampala is saturated with many organisations. It is sad to go a few miles into the villages to witness the needs there and no availability of help from churches. I have been to Rakai district and Kibale (Bunyoro) and it is truly sad to see the needs there - yet in Kampala you have all these agencies supposedly serving.

I'm therefore thrilled to see a Ugandan going to the villages acknowledged by a missionary. So thank you for working with Mr. Sempangi and Pastor Edward Kasaija. If there is anybody I know who truly feels for the common man - it is him. I'm excited about what God is doing and going to do through the ministry in mukono.

I would like to support his work - I did not get to talk to him when he was recently here.

Praying with you for Uganda and all the unevangelized areas of the world,
Olivia Bahemuka
