Greetings to you all. I hope you had nice and great Christmas. All our prayers and eyes are on this piece of land that you know about and have been praying. We got favor from the Lord and from the owner is selling it to us at 20million and one more million will be for fees etc for the Government. This is the greatest prayer need we have at the moment. We need every one on board, We need all your help and prayers. Our church is going to bring back the surveyor Lord willing this week and we will afford to pay him to verify again the decimals. With big houses being built close to us and with the city of Kampala having no more land we are likely to loose it to an investor or some rich guy around. You will remember this man had asked for 40million and didn't want to talk to us but he did talk to us last week very humbly as we had prayed and gave us this land at every very low price. We need this playground, It's the only in the whole village We need it for the kids. We badly need it. It's something urgent. We are praying, We talked to him trusting the Lord to help us even when we had nothing. He was of the view that he gives us some days to pay, he even suggested that we write down something that will give him authority to sell his land if we fail. It looks like he needs it just in few days

Lord Help us otherwise it will go. You might find another thing altogether in that field. I hear the government is planning to pave our road and that makes land more or very expensive. The next time he might tell us that he needs 50million if it is there

We Love you all

Sylvia, Godfrey, Kids of Morning star Christian School, Pastor Sam and all Who care and Love the Lord
