Greetings everyone,

Thank you again for the many commitments to pray. I thank God today for a very gracious office and surgery center staff who have worked extra to get supplies ready, for a supportive wife, for my Uganda Medical License renewal and Kim Lovelace Medical license being granted, for supplies arriving on time, for National Drug authority permit arriving on time, and for so many patients, staff and family members who have volunteered to pray everyday for this trip. I also thank God that Drue Humberger has joined the team departing August 4 and returning August 11.

Not sure if or where I will be preaching in about 36 hours, but preparing I John 2:1-6.

Today has already had some excitement when I found out due to a fraud alert I had to have the same credit card the trip was booked with to get my boarding pass. I didn't have it, but thanks to the kind medallion special hotline folks, they refunded my fare and rebooked the ticket for the same price. Next the flight out of Chattanooga was delayed so that I wouldn't make the connection in Atlanta and wouldn't get to Uganda until the next day, but they gave me a private cab ride to the Atlanta airport and it looks like I am now leaving on time.

Thanks for joining with me in prayer.

Grace and peace to all,

J. D. Bonner, M.D.=
