

2020 Christmas Basket Report

Thanks to all who help support the ministry God gave me in Uganda. It has been a blessing in my life and one of the things is being able to help God's people in churches in Uganda. These photos give you some idea of the folks we were able to assist at Christmas last year. In total, we helped 45 families in three separate villages.

The very last photo is special. For Christmas 2019 we gave three families a female goat with a request that they return to us one of its offspring. But due the massive Covid-19 lock down in Uganda, food was difficult to come by and only one family actually returned a goat and it is pictured below.

God bless all of you who help with this ministry,

Bob
