Subject: A Blessed Thanksgiving

As we celebrate Thanksgiving 2021, I would like to express my heartfelt thanks to all of you who are a part of this ministry in Uganda. As 2022 will be the 30th year of my Uganda ministry, I continually think of what a blessing it has been! I also appreciate the many prayers that have been offered for Betsy. She is doing well and we are so thankful. Fred and I are looking to reschedule our ministry trip for March of 2022. Please pray that we will be able to make that trip happen.

One thing that the Lord continues to show me in all that has been accomplished over these years, is the faithful support of many friends. Your faithfulness helps make this ministry possible, please accept my sincere thanks. And also a great thank you to all who have joined me on teams traveling to Uganda over the last 29 years. Most who have gone have acknowledged it as a life changing opportunity. I am always looking for others who would like to go with me.

On Monday, I received a totally unsolicited note of thanks from a Ugandan that we were able to help with his education. It is a moving "Thank You" from him and it is powerful. I became acquainted with his story a couple of years ago through a mutual friend. He was in a course of medical study but was unable to finish due to lack of funds. After talking with him, I was convinced he was a young man worthy of help and the rest is history. Thanks again for helping provide the means to make such testimonies possible. His letter is below.

In 2021 we have

- Helped provide food for families in covid lock-down
- Provided food for teachers in school that are shutdown and have no income
- Helped complete four classroom blocks in three different schools
- Helped a pastor complete a house for his family
- Helped a number of other ministries transfer funds for their own food distribution
- Made one trip to Uganda (May) with Dr. Krabbendam, with over 500 attending conference
- Helped finance numerous medical treatments and procedures
- And sought to be an encouragement to our many friends in Uganda

Happy Thanksgiving to you and your family,
Bob and Betsy Hayes

RE: A THANK YOU LETTER

I hereby humbly tender in my letter to your office for the above mentioned reference. I am a 26-year-old male Ugandan and a born again Christian. I am from a very humble background having grown up without the care of my parents since my mother died when I was five years old and my father was also young by then, very poor, alcoholic and could not afford responsibilities over his own family. I ended up being tossed up from relative to relative in whose hands I suffered all sorts of child labor and abuse. Never the less our God has always never led me down instead He has been always leading me in the path of His grace and favor. I was always doing well in class even if I was always a victim of school absenteeism as those I was in their hands could give me heavy must to do home tasks.

This letter is specifically my expression of joy and happiness to the organization of ACTI in Uganda. I really thank you from the bottom of my heart for having supported me both financially and spiritually in the academic struggle that led to the attainment of a diploma in clinical medicine and community health from Kampala international university. I graduated on 20th/11/2021 and now I am a full graduate. I will forever be grateful for you and pray that may our almighty God bless the organization and expand its capacity to the boundaries of the whole world. I do dedicate my profession to the ACTI and promise that with God being my guide, I am available to the organization whenever called upon.

My heartfelt gratitude goes to Bob Hayes and his family. He has been always sending me school funds, praying for me and giving me words of encouragement. I will forever be grateful for you and may our God protect you for me.

Yours Faithfully
